# Welcome to Casapitti

**A genuine Italian tale made of people, tradition and quality.**

Our mission is to bring into your home our Italian artistic heritage and expert craftsmanship. Your new piece of furniture has been manufactured in Verona, Italy, by skilled artisans using certified Carb2 strong woods and hand painted with water based colors by our artists in Florence, Italy. Because we love our planet as much as you do.

Each Casapitti furniture piece is destined to last for generations and become more beautiful over time. Our artisans craft every item by hand, some colors and variances may appear different from the photo you saw on our website, this is a statement of its uniqueness and singularity. It is the beauty of having a piece of Art, like nobody else has.

Enjoy!

Olivia Lentucci - Founder

With a little care you can prolong the life of your furniture. Follow the instructions for the materials of your specific product to make sure that it stays in the best shape for as long as possible. The information below is only intended as a general guideline. For more information on how to remove specific stains, please enquire the Casapitti team. Always remove stains quickly before they can do any permanent damage to the furniture.

### WOOD MAINTENANCE

Avoid accidental impacts with hard objects because the finish may get damaged. In case of accidental spills and/or stains on wooden tops, act quickly by blotting the surface with a clean dry cloth or with an absorbent paper and get rid of any excess liquid after each cleaning operation. Repeat the treatment if necessary. Do not use abrasive substances. Keep the product away from the heat. Make sure that the elements touching the floor are kept away from dampness. Avoid any contact with chemical substances commonly used for floor cleaning.

### FABRIC CLEANING

Stains on the Linen Flax and the velvet fabrics should be promptly cleaned with a sponge with mild soap and water but the positive result is not guaranteed. The Rollo is a stain proof coated fabric and cleaning is safe and easy: quickly wash off the spill with some water or wipe the fabric with a damp cloth using rapid and gentle strokes. Strictly avoid using ethyl alcohol or detergents containing acetone, trichlorethylene, ammonia and other solvents, even in small quantities. Do not use abrasive substances. Do not rub, do not insist.

Clean surfaces with a dry or damp soft cloth.

Do not use abrasive cleaners.

Periodically check and tighten hardware as necessary.
